LOCAL GOVERNMENT STATE GRANT STATUS REPORT UPDATE

The Real Estate Services Division is issuing this report to the Legislature in response to the requirements outlined in Government Code Section 8878.97.

BACKGROUND

Under the Earthquake Safety and Public Buildings Rehabilitation Bond Act of 1990, voters approved bonds to be sold in the amount of \$300 million, of which \$50 million was for seismic retrofitting of essential services and public safety buildings of local governments. Approximately \$3.2 million was set aside for support and \$500,000 was given to Riverside County per the provisions of SB 248 (Ch 332, Stats of 93).

Phase I (1994) appropriated \$45,478,621 of the \$50 million for 113 seismic retrofit projects.

Phase II prioritized and added 88 new projects to the program. Of the 88 projects, the first 47, totaling \$8,166,856 have been funded (the first 27 for \$5,640,485 in 97/98 FY; the next 20 for \$2,526,371 in 98/99 FY).

To date, 37 projects have been withdrawn (\$3,137,100 reverted); completed projects have produced surplus money (\$1,307,100 reverted); and decreased reappropriations in the 1996, 1997 and 1998 Budget Acts have resulted in an adjusted total appropriation of \$45,384,444 leaving a \$914,491 fund reserve.

PROJECT LIST

This local government state grant status report was prepared with the latest data available as of December 1, 1998. Forty-seven projects were added to the original 113 projects. Of these 160 projects, 63 are now complete, 16 have grants in progress, 44 are planning to encumber funds, and 37 have been withdrawn by local agencies. These 160 projects are outlined in this report as follows:

- First: Projects in the same order as listed in the 98/99 Budget Act.
- Second: Projects in progress.
- Third: Projects complete.
- Fourth: Projects that were withdrawn/canceled.

The dollar amounts approved in the Budget Act for each project are predicated upon preliminary estimates furnished by local governments. Once the local jurisdiction receives bids for the project, the grant is written for the lesser of either the estimate or actual bid amount. On November 15, 1998, the Real Estate Services Division (RESO) requested that local governments furnish a current project schedule that included bid, award, construction start, and construction finish dates. For those local governments which indicated that they will start construction after the June 30, 1998 deadline, we requested justifications for any delays.

LOCAL GOVERNMENT STATE GRANT
STATUS REPORT UPDATE

The following key explains the headings on the project list:

1. Project - The name of the project; the address and use of structure; The name of the project manager for the local government, and their phone number and fax, if known.
2. Budget Act Amount - The dollar amount as listed in the Budget Act.
3. Grant Amount - The dollar amount of the actual construction bid or Budget Act amount, whichever is less.
4. Construction Award date - The date a bid is awarded or anticipated to be awarded; the project is awarded to the contractor just after bid date. Where this column is blank, no information has been received.
5. Comments - Additional relevant items related to project progress, includes any justification the local government has given for delays. Where this column is blank, no information has been received.

TOTALS

TOTAL APPROPRIATIONS (THRU FY 98/99)	160 grants	\$49,829,319
